

TESLA MediaBox XA400

UHD media player

- ✓ Chromecast built in support
- ✓ Android TV™ - Google certification
- ✓ Ultra HD 4K player
- ✓ Voice search

The powerful TESLA MediaBox XA400 multimedia center with the popular certified Android TV operating system™ draws you into an endless world of entertainment thanks to a plethora of applications from Google Play. Google Certification keeps applications running and updating smoothly. This gives you easy access to more than 400,000 movies and series from a variety of streaming services, including the popular Netflix or HBO GO/MAX. The device is certified for Skylink Live TV for the smooth running of the service. It offers selected stations that you can watch over the Internet from anywhere in the EU with the possibility of viewing.
